

Great Results Guarantee

Snapshot report

Under the agreement for 2015
Quilpie State College received

\$13,360

Our school strategies are showing substantial progress toward our targets

After reviewing our *Great Results Guarantee* agreement, it is clear that we have made progress toward our targeted student outcomes. We will continue to focus on maximising the benefits of this funding for our students, and adjust our strategies as needed to ensure every student succeeds.

Strategies implemented include:

- Teaching staff participated in 7 Steps to Writing Professional Development.
 - Teachers using these in their classrooms to develop writing skills, will continue to support and implement this strategy.
- Students participated in the Booster and Impact Projects during 2015 to provide them with additional support to reach the Upper Two bands in Literacy and Numeracy.
 - 50% of students who participated were in the U2B whilst 50% reached above NMS.
- Continue to implement Anita Archer Explicit Instruction strategies in every classroom.
 - This strategy is continuing to be developed across all classrooms into 2016.
- Engaged all staff and students through the FISH Philosophy motivational learning experiences which are taught on a weekly basis through 'Fish Experiences' across all classes.
 - Weekly breakout sessions are provided to students with age appropriate material and content being taught. This has seen an increase in the motivation of the Early Years cohorts and continual reference to the Fish Philosophy being used by all of the school.
